

## Terms and Conditions

Per the requirements of AS9100 paragraph 7.4.2 "Purchasing information", Accurate Circuit Engineering requires the following Terms and Conditions on all products purchased or subcontracted as follows:

- 1) Requirements relative to supplier notification to ACE of nonconforming product and arrangements for our organization's approval of supplier nonconforming material.
- 2) Requirements for the supplier to notify ACE of changes in product and/ or processes definition and, where required, obtain ACE's approval.
- 3) Right of access by ACE, our customers, and regulatory authorities to all facilities involved in the order and to all applicable records.
- 4) Requirements for the supplier to flow down to sub-tier suppliers the applicable requirements in the purchasing documents, including key characteristics when required.
- 5) Quantities listed on the Purchase Order are definitive. Shipments in excess of listed quantities are not allowed without ACE's prior consent.
- 6) These Terms and Conditions supersede any and all terms and conditions whether stated or implied.
- 7) Defective products or services shall be returned to supplier for repair or refund. In cases where this is not possible credit shall be taken at fair market value.
- 8) Supplier acceptance or processing of the Purchase Order shall constitute the agreement to all terms and conditions stated above.
- 9) Quality records related to the Purchase Order shall be retained and available for retrieval upon request for seven years.
